Open up the door let the light shine in
Never be afraid to explore within
People come around and confuse your mind
Never be afraid let your own light shine

Hold on, hold on, hold on
Hold on, hold on, hold on

Devious in thought is a lonely game
Hopelessness is fraught with lies and blame
The promise that they sell is not what it seems
Experience the truth realise your dream

I can feel it in the air that I breath
It's got a hold of me and I know I can make it
Staying strong day by day
It's not wrong to believe
In this world I feel and I'm not going to fake it
Never knew life could be this way
